Jerry Oates, Owner | J. Oates Portrait Design

Results Delivered J OATES PORTRAIT DESIGN

JP Green, CCIM | Tenant Agent | Site Selection

1 The Situation: Rebranded company seeks greater exposure

- After calling on one of JP Green's listed properties, the owner of J. Oates Portrait Design expressed interest in engaging JP as a tenant rep in the company's search for a high visibility retail location.
- As a result of an extensive a rebranding initiative, J.Oates was seeking to expand the physical size of their studio while also garnering critical exposure for their new brand which was strategically positioned as a high-end professional portrait studio.

2 Our Response: Analyze data and select an optimal site

- Working closely with Thornton Oliver Keller's Research team, JP executed an exhaustive site selection search for sites which fit the J. Oates criteria.
- JP helped J. Oates narrow down the potential options (evaluating demographics, traffic counts and proximity to complimentary retailers), and assisted in the selection of the Jewel Building, ideally located near the Boise Towne Square Mall.

3 The Results: Expanded space with exceptional visibility

- Once the location was identified JP pushed the transaction forward quickly working through the LOI and lease negotiations in under a week. The accelerated negotiations netted J.Oates a generous TI allowance and provided J. Oates with the resources they needed to make the space fit their needs.
- J. Oates is expected to open within the next 60 days and will benefit from a space that reflects their premier brand with maximum visibility at the signalized intersection of Cole Road and Emerald Street.

Results Delivered ALPINE STATE BANK

JP Green, CCIM | Tenant Agent | Site Selection

1 The Situation: New Idaho community bank plans first location in downtown Boise

- A new Idaho community bank decided to open its operations in the Treasure Valley, targeting Boise as their first Alpine State Bank location.
- The bank, hoping to open in the market as soon as possible, reached out to Thornton Oliver Keller to identify temporary space, since they had already identified a location which required a lengthy remodel.

2 Our Response: Market knowledge aids the perfect opportunity

- JP Green & Michael Ballantyne presented multiple possibilities, making serious inquiries on the top candidates, however all options were quickly snapped up in Boise's competitive downtown submarket.
- After consulting with in-house broker teams, JP and Michael became aware of Mountain West's pending move to exit their space in the Hoff Building. The team moved quickly to seize the vacant space, knowing that it would require minimal tenant improvements and would match Alpine State Bank's business requirements perfectly.

3 The Results: Quicker open with sights on more locations

- JP and Michael's nimble representation, persistent engagement in the market, and efficiency throughout the transaction process will allow their client to open sooner (Jan. 2020) than planned.
- Alpine State Bank's presence in the Hoff will offer them a prime retail presence downtown, feature a prestigious address, and afford them expansion space for their office staff.
- The growing bank has retained JP and Michael as their tenant representative as they plan to open several additional locations across the Treasure Valley.

"Having local representation when looking to open our first location was key. **Intimate knowledge of the market and being a business owner with first-hand experience in franchise development made JP the perfect partner for us.** JP and his team at TOK Commercial were an invaluable resource through site selection and term negotiations." Tauni Roberts, Owner | Clean Juice

2 Our Response: Quick Response & Skilled Negotiations

- Through diligent searching and his quick response time, JP identified and pursued various potential locations within the first two months of working with his client.
- JP and Clean Juice ultimately zeroed in on ideal, first generation shell space, available in the newly constructed North Pointe retail center on State Street.
- The space, along with JP's ability to negotiate a generous T.I. package, allowed his client the opportunity to fit the space to their branding standards.

3 The Results: Earlier Than Anticipated Open Date

- JP's commitment to driving transactions forward in the quickest time frame benefitted his client, allowing them to open before the end of the year.
- Clean Juice's new space provides excellent exposure in a rapidly growing location, off high traffic State Street.
- Neighboring tenants as well as the newly built modern residential units within the North Pointe development will draw even more attention to this new to the Treasure Valley franchise.

"While looking for a retail space for lease **JP encouraged us to think outside the box** and help us envision converting an office building into a top retail/ medical space. **He helped us think of this as not just a location for our business but as a long term investment in a booming market.**

JP and TOK Commercial were a valuable resource! **Their market knowledge and industry connections were integral** in helping us select our second location."

Tim Jolicoeur, Owner | Restore Hyper Wellness

Results Delivered RESTORE HYPER WELLNESS

JP Green, CCIM | Tenant Agent | Site Selection

1 The Situation: Seeking a Second Location for Restore

- Restore, a hyper wellness company offering services such as IV Drip Therapy, Cryotherapy and Hyperbaric Oxygen Therapy, had recently opened their first Treasure Valley location at The Village at Meridian.
- With a strong first location opening, the owner of Restore Meridian was looking to expand their storefronts in Boise.
- In search of leasable space in a highly frequented area, the owner sought out JP's expertise in the fitness and retail industry.

2 Our Response: Leading Knowledge in a Low Vacancy Market

- After identifying the owner's desires in a second location, JP offered an exhaustive search of the downtown market. The results fell short in producing many viable options to fit Restore's needs in the low vacancy submarket.
- JP quickly pivoted his search to Bown Crossing, an energetic retail corridor for the rapidly growing neighborhoods of Southeast Boise.
- With his knowledge of the market, JP presented the owner with an opportunity to purchase a property with prime Bown Crossing exposure, just minutes from the downtown core, with ample foot traffic.

3 The Results: Cost Savings & Added Income for the Client

- The owner found the property, at 3046 Bown Way, to be an excellent fit. The property offered Restore ample space for their street-level retail storefront while providing additional second floor space, which has given the owner opportunity for added income through leasing out the additional space to an office user.
- JP skillfully negotiated an aggressive offer, awarding his client a lower purchase price than originally listed.
- JP is now working to secure a third location for Restore Hyper Wellness.
